20.00-21.00	Speaking: topics discussion	
21.00-22.00	Dinner	
22.00-23.00	English Quiz	

What activities?

Speed up game: it consists in talking one-to-one about a topic for 5 minutes. After that, you'll change topic and person. A fun way to cover different topics in a short period of time.

Breakfast/Lunch/Dinner: you'll continue speaking English while eating. These are the moments where more natural conversation arises.

Hike: It's a 6 km hike called 'Ruta del Moralejo'. It'll take us around two hours to complete it. You'll go in small groups solving riddles, completing activities from a booklet designed for this part of the immersion.

Watching a series and debating it: we'll watch an episode of a series while you take notes of vocabulary you don't know. After it, we'll answer your questions as well as talk about what we've just watched.

Analysing songs: we listen to music in our daily life, but do we know the message behind the lyrics? We'll listen to a collection of songs, do some activities as well as analyse what they want to say.

Speaking topic discussion: the native speakers will lead this part posing a topic to give your opinion about it.

English quiz: really well-known in English-speaking countries are quizzes in pubs, so here you are the opportunity to take part in one of them.

Gymkhana: a chance to get to know better the village we are staying in. A great opportunity to have fun while completing the tasks at each stage of it.

Handicrafts workshop: let's do some scrapbooking or just a simple layout to decorate a photo! Teachers will show you different techniques. That way you will learn a new skill as well as follow instructions in English.

Board games: Taboo, Boggle, Charades, Pictionary, Scattergories and many others.
